**April 12, 2011**

**Dear Customers:**

**We would like to begin by expressing our deepest gratitude for your continued patronage and support of Tokuyama Products.**

**Due to the recent crises at the Fukushima Power Plant, there have been concerns about radiation contamination in our products. This issue has worried us since the beginning of this crisis. We would like to assure you that we have been closely monitoring the area around our plant in terms of radioactivity.**

**Attached is the monitoring report for your information; the information and figures of this report are measured directly by the Japanese Government near our factory.**

**Tokuyama Dental Corporation is and will always be committed to maintain the integrity of our products and the health and safety of our customers.**

**Please do not hesitate to contact us with any questions or concerns.**

**Yours faithfully,**
